

BRIGHT FUTURE  
MULTIWORK PVT. LTD.

**“Transform your water,  
Transform your health.”**

***"Pure and healthy water  
is the world's first and  
foremost medicine".***

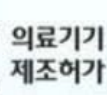

- High Levels of Antioxidants (Negative ORP)
- High pH Levels (Alkalized) Balances our body's pH.
- Micro Clustered Water – Small Water Molecules.
- Hydrogen Rich water.

**B9 Plus  
9 Plates**

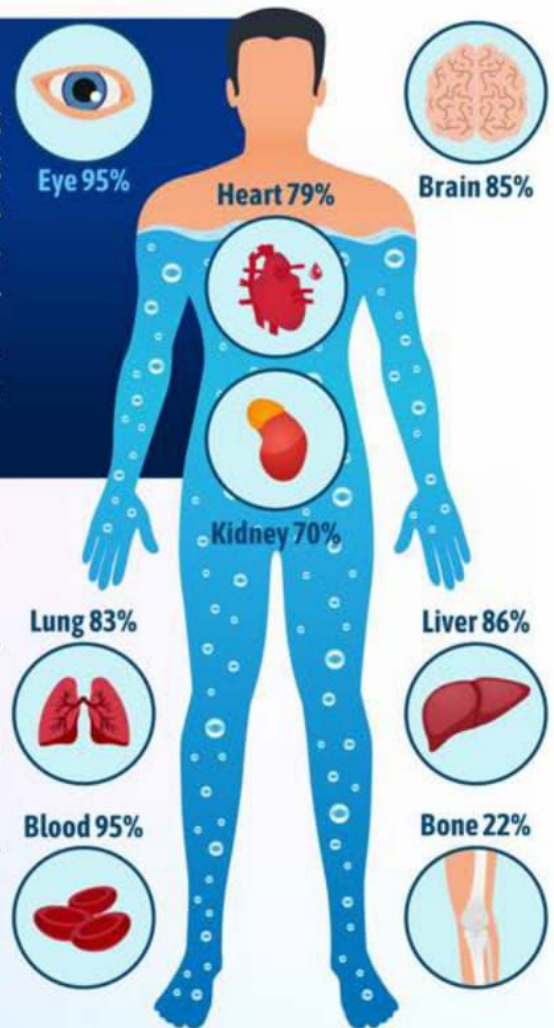

**MADE IN SOUTH KOREA**

Automatic filter usage indication system    Touch sensor Buttons    Inbuilt UV Filters: Dual UF & MCF (Ultra Fined & Multi Carbon Filter)    Ionization Plates - 9  
ORP: upto (-)900 mV, Hydrogen Levels: upto 1800 ppb    Automatic cleaning System  
Incredible pH range from 2.5 to 11.5 (+/- 0.5)    Plate Surface Area- 9000 sq mm

## What is the importance of water in our life?

Water has always been an important and life-giving drink and it is essential for the survival of all living beings. Approximately 70% of the human body is water by volume and the biological functions of the body are also accomplished through water. Water is found in most of the organs of the human body. To stay healthy, a person should consume at least 2 to 3 liters of water every day.

- ◆ Do you know what the ORP (Oxidation Reduction Potential) scale is in your drinking water?
- ◆ Is your Drinking Water is anti-oxidant and anti-aging?
- ◆ Is your drinking water is micro clustering and alkaline?
- ◆ Is there sufficient amount of hydrogen in your drinking water?

Gangotri (India)

Research in the 1950s revealed that some unique places have been found around the world, where water is miraculous in the form of natural sources. Properties like alkaline ionized water and activated hydrogen water are found in it.

Zam Zam (Makkah)

Nordenau (Germany)

Lourdes (France)

Tlacote (Mexico)

## Jinnys Co. Ltd. (South Korea)

It is the manufacturer of the world's best Alkaline Ionized Water Machines.

Which has been exporting to more than 54 countries since 1998 by providing high quality products and services through continuous research and quality control. The company's aspiration is to provide complete satisfaction to all the customers by providing safe and healthy drinking water.

Jinnys Co. Ltd, is registered global brand to market highest quality world class range of Water Ionizers for both residential and commercial usage having won 102 awards, 27 patents and 58 certificates including GMP-Medical Device and KFDA.

**MADE IN SOUTH KOREA**

## What is ALKALINE IONIZED WATER?

Many studies have claimed beneficial health effects of alkaline water consumption. For instance, it has been observed that oral administration of alkaline ionized water causes a reduction in blood levels of glucose, cholesterol, and triglyceride and improves metabolic functioning by suppressing free radical production in mice that are induced with metabolic disorder. It also protects pancreatic beta cells from oxidative damages. Moreover, alkaline water helps in reducing the rate of weight gain in obese mice by regulating cholesterol homeostasis. Ionizer is a machine where drinking water is decomposed into oxygen and hydrogen gas through the process of electrolysis. In the process of electrolysis, electricity is passed over water, at which time water gets disintegrated into +H and -OH ions. Also, pH and alkaline values in water increase and acidic values decrease. Through this machine the negative ORP in water also increases. The water in the ionizer has -900 ORP. Dissolution of iron in water is a chemical reaction (permanent) process by which beneficial elements like sodium magnesium are produced. By continuously consuming this water.

### Know about anti-oxidant and anti-aging in drinking water.

Hydrogen water is absolutely pure water to which additional hydrogen molecules have been added. Hydrogen water molecules contain two hydrogen atoms and one oxygen atom, but scientists say the extra hydrogen can play a vital role in reducing inflammation, boosting athletic performance, and even slowing your aging process. Is a contribution. It is fitted on the base itself (In this Ionizer Machine will get 1800 PPB Hydrogen).

**2-3 liters of hydrogen water is equal to the anti-oxidant value of the following vegetables or fruits.**

### Know about micro clustering of drinking water

Water molecules come in groups rather than as single molecules. Which are very large groups of 15-30 molecules. The ionization process breaks the electrical bonds of water molecules and reorganizes water to approximately 3-6 molecules per cluster. This smaller cluster size means that water can be more easily absorbed into the cells, providing better hydration for the body. Adequate amount of water helps your body's cells absorb essential nutrients and minerals faster. The water you consume daily reaches only 15% of the cells in your body, whereas ionized water reaches 90% of the cells in your body.

### Benefits of alkaline water

Drinking alkaline ionized water every day is most effective compared to fruit juice. Specifically pure ionized water is alkaline ionized mineral water. Its pH level is more than 7.0. It is very beneficial because it increases the immunity of the body. Alkaline Water Ionizer removes harmful Impurities from water and then electrolysis the water to separate its acidic and alkaline components. Which means increased pH value or higher alkaline components with plenty of dissolved hydrogen in the water. Ionized Alkaline Water helps in balancing/neutralizing the acidic elements in your body. as well as flushing out the acidic waste. Thus, improving and smoothening overall gastrointestinal functions. increase bone strength, manage sugar levels, reduce body weight, and prevent hair loss.

# COMMON DISEASES - caused by drinking wrong water

IONIZED HYDROGENATED WATER has been found to be helpful in fighting or preventing more than 170 diseases.

Eczema

Allergies

Diabetes

Gout & Arthritis

Osteoporosis

High Blood Pressure

High Cholesterol

Constipation

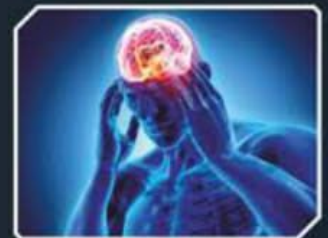

Chronic Diarrhoea

Chronic Fatigue

Obesity

Migraines

Gastritis

Tumour / Cancer

Toxin Neutralization

Ulcer

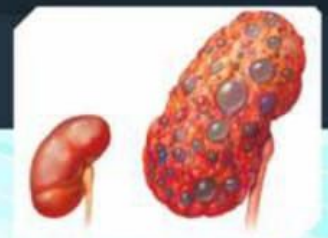

Colon Cleansing

Dehydration

Common Colds

Kidney Diseases
